

## WINTER/SPRING 2013 NEWSLETTER

Welcome to the Winter/Spring 2013 Season!

This season has seen 40 teams register for both the Tuesday and Thursday leagues, meaning we have the perfect number of teams to fill 5 divisions on both nights. Goodbye to the BYEs!

Also this season we have revised some of the League Rules, a copy of which is included in your pack.

Ones to bring to your attention are:

- Teams may rearrange a maximum of TWO matches per season. Additional requests will be denied.
- 1 point will be deducted from the winning team if a result is provided but not backed up with evidence (ie. a photo via MMS or email, or a card posted). Photograph your results to guarantee points.
- Any team failing to attend a match THREE times in one season will be removed from the league.
- New players must be declared to the opposite team at the beginning of the match night. Teams may register new players on the night of a match by getting them to print & sign the front of the result card. New players CANNOT be registered at CUP matches.

We also request that the League and Pool Rules are displayed within your venue on all match nights so that they can be referred to if needed.

Should you need another copy, download them from the website:

### RESULT CARDS

Around **25%** of result cards are still being sent via post.

While this isn't a problem, the more of you sending photos instead, the quicker we can update the website.

*Well done to all of you that send photos!*

### AS ALWAYS

The first place for information regarding fixtures or news is the website, so please visit regularly to avoid disappointment.
